“KIKa FURNITURE” has entrusted Globe Williams in Serbia (part of the Globe Williams International), with its technical maintenance.

Globe Williams ensures that all above tasks are performed accurately and with great professionalism based on its highly trained staff, technicians, supervisors and managers.

For the reasons above we recommend GW as the provider that will assure the high quality technical maintenance consistently and in short notice in case of an emergency.

GW services are, also, recommended because of the high quality equipment and products that are used as well as its staff careful attention to the facilities and to the environment in extent.

Our collaboration, so far, enables us to say that GW fulfills our demands for efficient technical support.
